Dear Julia,

Re: Price Query

We refer to your email received on Wednesday 7th October 2009 in relation to the increase in the price of Prima Biomed Limited shares. We provide the following response to your queries:

1. Is the Company aware of any information concerning it that has not been announced which, if known, could be an explanation for recent trading in the securities of the Company?
No.
2. If the answer to question 1 is yes, can an announcement be made immediately? If not, why not and when is it expected that an announcement will be made?
Not applicable.
3. Is there any reason to think that there may be a change in the operating loss before abnormal items and income tax so that the figure for the half year ended 31 December 2009 would vary from the previous corresponding period by more than 15%? If so, please provide details as to the extent of the likely variation.
Due to increased expenditure in Cancer Vac it is likely the operating loss before abnormal items and income tax for the half year ended 31 December 2009 will exceed the previous corresponding period by more than 15%. The Company is unable to quantify this at the present moment as the maximum level of expenditure for the half year is currently unknown.
4. Is there any reason to think that the Company may record any material abnormal or extraordinary item for the financial year ended 31 December 2009? If so, please provide details.
No.
5. Is there any other explanation that the Company may have for the price change in the securities of the Company.
No.
6. Please confirm that the Company is in compliance with the listing rules and, in particular, listing rule 3.1.
The Company continues to comply with all ASX Listing Rules.

Yours sincerely
